President:

(Fall semester): Matt Grabbe
(Spring semester): Rebecca Smith

Vice President :

(Fall semester): Rebecca Smith
(Spring semester): Levi Mitzner

Secretary:

Amanda Shaver

Treasurer:

Derek Hermreck

Advisors:

Dr. Brittany Bock and
Mr. Kolby Burch

Howdy Ya'll,

Welcome to Hays, Kansas, Fort Hays State University. We'd like to introduce ya to everything we done 'round here. Us all out here want to show ya 'round these here parts. Us here cowboys and cowgirls have lots of fun in the year, and want to give ya a looksie at a bit of what we gots goin' on 'round our parts. We got lots of ways to to get us some more mulah, have lots of things even the city folk can partake in. Also, we get together them Junior College, FFA and 4-H kinfolk for various judgin' contests. We also likes to help out them other town folks durin' the year. Our college needs us to ring some folks once a year to get them to give money to the school to help us pay for stuff during the year. We all get together a few times to grill up some grub and catch up on the town gossip, or get to know the new folks in town. Right bfor' us college kin gets done for the summer and harvest really gets goin' we all gets together one last time for one last Bar-B-Q. So anyhow we be welcomin' you to the purdy sunflower state, and wish ya a kindly visit.

See ya 'round,

FHSU Block & Bridle Club

happy trails

Matt Grabbe called the September 3, 2002 meeting to order at 7:30pm. Amanda read the minutes from the last meeting. They were approved as read. Derek gave the treasures report of \$4,253.56 in the activity account and \$901.77 in the off campus account.

Old Business:

Josh updated the club on Oktoberfest and told people to begin thinking of t-shirt designs or other options for a fund-raiser and also we needed volunteers to help work the booth all day on Friday.

Josh sent around a sheet to sign up for BINGO for the next few times the club is working.

The JUCO contest update was given by Rebecca and Kristin saying that everything is in order and they will need people to show up and help on the day of the contest.

Shelly gave an update on the Dairy Contest coming up on October 9th. Volunteers were asked to help wash cattle, stir classes, and be group leaders for the day of the contest. They also needed people to be card runners, hand leaders and people to help take reasons.

Amanda sent around the a sign up sheet to obtain everyone's current phone numbers and email addresses and also asked for volunteers to help out with the phone tree.

New Business:

Dr. Bock announced if there was anyone interested in working the Fort Hays State University booth down at the State Fair next week. There will be a free parking pass and entrance for anyone who is willing to help out.

Garet suggested having a road rally; which is a type of scavenger hunt in vehicles, as a fund-raiser for the club. Charging \$20 per vehicle to enter and the top three places would receive a percentage of the pot. It was moved by Landon to have the road rally and seconded by Brandon. The motion passed unanimously. It was decided that Josh and Garet would work together to develop the course for the road rally.

Derek mentioned that dues need to be paid as soon as possible. The dues are \$15.00 for new members and \$5.00 for returning members. The dues need to be paid by September 17th.

Garet moved the meeting be adjourned and Derek seconded.

The meeting was adjourned at 8:03pm.

The annual Tiger Call phonathon (pictured on page 24) is a project put on by the University Endowment Association to help raise money for the various departments on campus. Every club in the agriculture department including the rodeo and livestock judging team show up for a few hours to raise money for University scholarships. The evening is spent on the phone to FHSU alumni, most of the time we only call agriculture alums and they donate solely to the agriculture department so we see a direct benefit to our hard work. The University Livestock Pavilion also needed some touching up this year so we painted the front entryway and also other fences inside and outside the building (page 25).

Some of the fundraisers we participated in this year were Septemberfest (page 14) and Oktoberfest (page 15), which are celebrations of the strong German heritage in and around the Hays area. At both of these events we sold various food and beverage products to help earn money for the club. BINGO is another strong fundraiser for our club (page 19). Helping out at the BINGO HAUS selling BINGO cards, specialty game cards and also being the "caller" has been enjoyable for not only our members, but the folks who come and play too. A new project we took on as a fundraiser this year was helping out a local ranch paint their fences (page 25). The Lazy H Ranch is located 5 miles south of Hays, and they needed the front entryway fence painted and were willing to help us out by paying us for each section we completed. Other fundraisers included Road Rallies and even a nut fry, which unfortunately are not pictured.

We also participate in a few on campus activities where we can help promote our club membership. The first of the year is the back to school picnic (page 12), where everyone on campus that would like to attend can walk around our quad and visit the many booths of potential clubs and organizations they can join. Not only do we set up a table for people to gain more information about Block and Bridle, but we help serve the food that is offered as well. Next, we have the Agriculture Department picnic held about two weeks into the school year (page 13). This event is solely for agriculture majors to get to know one another and find out what clubs and organizations the agriculture department specifically has to offer. We also have representatives attend the Tiger Friends and Family Day where incoming freshmen for the following year can come to FHSU to visit and see what opportunities are available to them. This is a great way for us to get our name out in front of the new kids.

As you can see from our scrapbook we have many more activities we partake in, the ones we've specifically mentioned are those specifically related to the University.

MASON DIXON FARMS
1800 MASON DIXON ROAD
GETTYSBURG, PA 17325

Mason Dixon Farms, Inc. is a classic example that the 1948 family-owned farm consisting of 360 acres, 12 cows plus some other livestock, fertilized with hard work, dedication and planning through several generations, can blossom into the present day complex of 2300 acres, over 2000 milk cows, and over 1500 replacement heifers.

Needless to say it didn't happen overnight nor did it happen easily. Each day brings the rewards of the freedom and fresh air of being outdoors. It also brings the intensity of a constant vigil over a rather specialized farming operation. This has been handled by the capable

AG AWARENESS!

The kids enjoy touching the soft baby holsteins.

Cindy explains a few things about sheep to the kids.

Triessie's group stops to have Becca talk about her beautiful horse.

Ag awareness is an event held by our Block and Bridle club every year for local elementary school kids to be able to see farm animals up close and personal. Agriculture is slowly becoming a smaller part of children raised in rural areas' lives. Most kids have stories about their grandpa's farm, but they are not able to experience the joys of farm life first hand. This is one way we feel we can give back to the community and help keep agriculture and farm life prevalent in people's lives, especially those who are our future.
